## Masilonyana Local Municipality

# 2007-2008

### **A.Executive Summary**

### (A.1) Who are we?

Masilonyana Local Municipality is within the district of Lejweleputswa. Masilonyana Local Municipality comprises of five urban centers, namely

- 1. Theunissen, Masilo,
- 2. Brandfort, Majwemasewu,
- 3. Soutpan, Ikgomotseng,
- 4. Verkeerdevlei, Tshepong,
- 5. Winburg and Makeleketla including their rural areas.

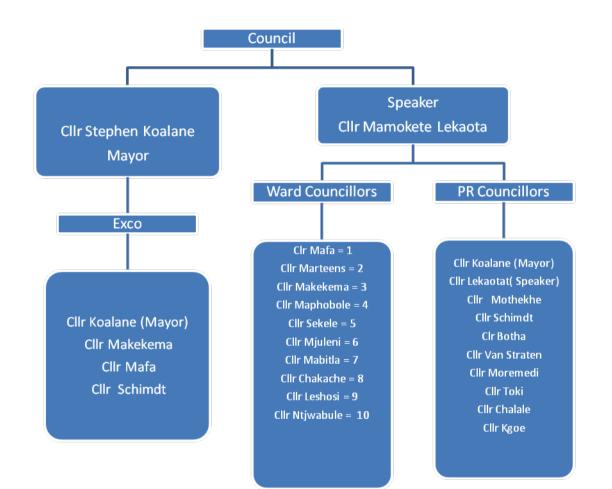

The administrative headquarters is in Theunissen / Masilo, and it is centrally located in the Free State and has access to major roads such as the R30 and N1. All traffic between Mangaung Municipality and Matjhabeng Municipality passes through Masilonyana. For this reason, the municipality has potential for housing development and training centers that can serve the Free State Province. The rural areas in Masilonyana Local Municipality are predominantly agricultural and mining, hence there is a potential for SMME service providers to support these sectors and add value to the raw products produced in this area.

Recently the mining sector has started to contribute directly into the Local Economic Development programs of the Municipality through its Social and Labour Plan (SLP). The strategic positioning of Masilonyana Local Municipality close to the Bid city of 2010 world cup is an added benefit to the strategic location of the municipality. The value of land, water tariffs are very low and this makes Masilonyana Local Municipality an ideal place to settle.

The crime rate is not high, good rain fall patterns are experienced and the Municipality has excellent heritage sites. The landscape of the Municipality is blessed with hills and water dams. This makes the environment good for Hiking, biking, water sports, etc Masilonyana also prides itself with game reserves which will bring you into contact with Mother Nature, and a nature reserve that has mineral water with healing effects.

### **ORGANISATIONAL STRUCTURE AND INSTITUTIONAL ARRANGEMENTS**

**Political Structures of Masilonyana Local Municipality** 

### Administration Structure of Local Municipality

### (A.2) What are the Issues that we are facing (Community needs)

| Theunissen   | Winburg  | Brandfort   | Soutpan   | Vekeerdevlei  |
|--|--|---|---|---|
| Bulk Supply to rural<br>areas / urban (i.e. star<br>diamonds). | System management<br>poor  | Water consumption is not<br>metered in Majwemasweu  | Existing boreholes<br>do not have<br>sufficient capacity<br>to deal with the<br>new expansion | Existing boreholes do not<br>have sufficient capacity<br>to deal with the new<br>expansion of Tshepong. |
| Quality of water in areas.                                     | Increase number of<br>night soil workers   | Water needed for cattle on commonage land.  | Existing borehole<br>at Soutpan dries<br>up at times.   | Existing borehole at<br>Tshepong dries up at<br>times.  |
| Installation of taps.  | Taxi ranks lack toilet<br>facilities   | Sommersit informal settlement<br>has no water connections-300<br>households:                | Provision to new sites.   | Provision to new sites.   |
| Upgrading of all pressure pumps.                               | Waste management<br>at clinic needed   | Old age home needs subsidy for water account.   | The night soil tank<br>is leaking and<br>poses a serious<br>risk should it burst              |   |
| Awareness: water saving measures.                              | Need for fencing and<br>cleaning<br>New grave sites in the<br>east of town                                 | Rural Areas   |   | Upgrading of dumping site it<br>is to close to the residential<br>area of Tshepong                      |
| Provision of metering.   | Ward 5: Storm water<br>drainage, graveling of<br>streets at Masakeng &<br>culvert or bridge at<br>Masakeng | TRC projects are not finished yet-<br>approximately 500 households<br>still to be connected |   | A new dumping site is<br>needed as it is<br>already<br>exhausted  |
| Free water policy<br>should be<br>implemented.                 | Ward 5: Storm water<br>drainage, naming of<br>streets, stops on roads<br>/ robots                          | Majwemasweu-Mountain View (300) and Sommersit (300) have no connections.                    |   | In urgent need of more<br>workers   |

| Provision of sewerage<br>network including<br>rural areas                | .Ward 5: Apollo lights<br>Ward 5: Street Lights | A waterborne system is needed instead of buckets – the network is in place.   |         | Ward 3: Storm water |

| Provision of<br>dustbins           |  |  |

:

### (A.3) what opportunities do we offer?

Masilonyana Local Municipality Consists of five towns. 3 of the five towns are bigger and developing while the other two towns are less developed and small:-

### • Theunissen

- The head office is situated
- This town is 50km from Welcome and 90km from Bloemfontein.
- It is situated next to the R30 and next to all four mines in Masilonyana Local Municipality
- It has Economic potential because of Agriculture, Mining, Tourism,
   Hiking , Biking, etc
- This the biggest town in the Municipality
- This town has 3 mines Joel Mine, Beatrix and Star Diamond mine
- Theunissen town also has rural areas with good Agricultural Soil and rainfall.
- Agricultural activities greatly contributes to the economy of the municipality

- There are wild game reserves that are ideals to reduces to city stress and pleasures within theunissen

### • Brandfort

- This town is situated 50km from Bloemfontein
- It is situated next to the R30
- one of the big towns in the Municipality
- The graves yard of soldiers that died in Anglo Boer war is situated on

the hilltop in Brandfort where houses were build led by Jan Brandt leader of the Voortrekker during the Anglo-Boer War in 1899 –1902. The hill where

the Soldiers were buried is next to the hill with the communication

tower. On one foot of the mountain, there are graves of black and white people that died during the Anglo-Boer War in the concentration camps. Their tombstones were laid by the former President Mr. Thabo Mbeki in 2000. These cemeteries fall under the National Military Museum.

- This grave side can play an important role in uniting people of South Africa and the world. This is where the remains of both black and white ancestors lay in a monument opened in 2000 by a President that has united different races in the world.
- This monument is in the same town that the former wife of Ex President Nelson Mandela was banished by the apartheid regime.
- This is the Winnie Mandela house in Brandfort, and the building next to it was utilised as a clinic. The residents in the area developed

community based projects such as planting of vegetables in the garden of that house. There are plans to renovate

the house by the Department of Arts Culture Science and Technology as part of the National Monument strategy.

- There is currently movement of communities from Bloemfontein to Brandfort. This is because land is affordable, water tariffs are low and the environment is peaceful
- Brandfort also has a potential of assisting the Host city of 2010 soccer bid, Bloemfontein with Beds, accommodation and training facilities, has good Agricultural soil.

- Brandfort town and surroundings prides itself with guest houses, game farming and tourism destination, good agricultural soil.
- There are wild game reserves that are ideals to reduces to city stress and peacefully quiet environment in Brandfort
- The landscape is market with hill and bush ideal for hiking trails, bilking, etc

### Winburg

- It is situated on the N1 between Ventersburg and Bloemfontein
- It is 100km from Bloemfontein
- This town has incredible Economic potential because of its location.
- It Links Bloemfontein with Johannesburg, Cape Town, Durban and Kimberley.

- It prides itself with a heritage side which will be renovated in this year and plenty of water for recreational facilities.
- It is also a tourist destination

 Area has plenty of water and can be used for water sports. It can be used for picnics conference centres, councilling centres,etc

- Because of its location it has incredible developmental capacity

### Verkeeredevlei.

- Is a smaller town next to the NI Road
- Situated between Bloemfontein and Winburg.
- Town is 60km from Bloemfontein and hosts the last tollgate on the N1 before entering Bloemfonten.

- It is Rural in nature and has good Agricultural Soil and rain full patens
- Town is situated next to the NI and joins the following provinces:-

Free State

Eastern Cape

Western Cape

Kwa Zulu Natal

Gauteng

### Soutpan

- Is a smaller town with incredible potential for development
- Situated 60km from Bloemfontein and links Bloemfontein and Bultfontein
   Town
- This Town produces salt for the region and the country.
  - This is the Florisbad National Quaternary Research Station. This is where the

first human skull was discovered 2059 years ago. This discovery prompted the scientific expedition in the 1930's. This research station was found by Prof. T.F. Dreyer and a gentleman by the name of

Willem Boer Venter in 1932. **This facility is currently a national research station**. The research station has chalets for visiting international scientists and student, as well as an entertainment area.

- These are the Soutpans lakes located in Dellesville within the

Tokologo/Masilonyana

Municipality areas. This project is envisaged to do salt beneficiation value addition packaging, but infrastructure is required to develop these saltpans. The Salt Lakes Project is funded by the Local Economic Development Unit of the Department of Provincial and Local Government

- These are the insides of the Florisbad Museum. This portion of the museum is

known for having remedies to curing ailments like arthritis etc. Currently the Municipality is working with international investors to make Florisdad and international tourist destination. The Municipality is currently engaging international investors to build hotels in

this area in order to accommodate both local and international tourists to

Soutpan. The world is currently experiencing a serious epidemic/pandemic of

HIV/AIDS and chronic deceases and the healing effect of the water in Soutpan

could become a major national and international attraction for Masilonyana.

### (A.4) What are we doing to improve ourselves?

#### Introduction The 10 point Plan to reduce expenditure and increase revenue generation:

It is important for Masilonyana Local Municipality to develop a comprehensive strategy to drastically reduce its expenditure by implementing smart strategies. These smart strategies will reduce unnecessary expenditure, generate and increase revenue enhancement, therefore assisting the Municipality to become financially viable.

- 1. Building of the Head Office which will reduce rentals fees of offices that we use
- 2. Transportation needs for Masilonyana Local Municipality activities
- 3. Fleet Management
- 4. Telephone Control System
- 5. Business Development Centers
- 6. Reprographics
- 7. Implementation of Control measures in Finance department
- 8. Completion of Evaluation roll
- 9. Auctioning of unneeded goods of the municipality and selling of land at a market related price
- 10. Attracting investments to Masilonyana

### 4. What are doing to improve ourselves?

### **10 POINT PLAN-TURN AROUND STRATEGY**

### Introduction

This is a discussion document aimed at stimulating discussions among employer and employees of Masilonyona Local Municipality. The main objective of this discussion document is to create a municipality that is effective, Efficient and Economical that responds to the needs of both the internal and the external customers of the municipality. The second objective is to decentralize the functions of the municipality and take quality services to the people. This will result in proper monitoring and evaluation of work that is done by the municipality. Thirdly is to maximize the usage of the current staff to its maximum capacity

### The 10 steps to turn around the municipality:-

- 1. Restructuring of the political office
- 2. Establishment of an Executive Office.
- 3. Synchronization and realignment of Political and Management Meetings
- 4. Formation of Regional Offices in the five towns and the alignment these regional offices to Head office
- 5. Making the Local Labour Forum an effect bargaining tool
- 6. Developing a program to ensure Internal and External Customer Satisfaction and branding of the Municipality
- 7. Strengthening ward committees.
- 8. Improving the Economy of Masilonyana by ensuring public participation
- 9. Redesigning the organogram
- 10. Wellness program for employees

### 5. How will our progress be measured?

NB! Refer to page 110 (Financial and SDBIP)

### 6. How was our IDP Plan Developed?

### The PROCESS PLAN

In order to ensure the effective and productive formulation and implementation of the IDP review process, the IDP Steering Committee compiled a Review Process Plan which functions as a business plan and management tool to assist with the day-to-day management of the review process. The Process Plan deals with several aspects aimed at streamlining the IDP review process, as detailed below.

Firstly, the institutional arrangements are outlined which provides a clear understanding of the organizational structure, the different role-players (internal and external), as well as the distribution of their roles and responsibilities. Since the active involvement of the community and stakeholder organizations is a key feature in the IDP, the Review Process Plan also makes provision for mechanisms and procedures for public participation. A public participation strategy has been prepared which contains several tools and principles for participation, roles and responsibilities, means of encouraging participation and logistical arrangements.

To ensure parallel processes and effective co-ordination between the local municipality and other spheres of government the review process plan also includes different procedures for alignment. It makes provision for alignment with the IDP framework of the District Municipality which is a mutually aligned review process highlighting agreement principles, communication mechanisms, joint events and time frames as well as organizational structures and mechanisms for solving disputes. Finally, the review process plan provides a detailed action programme with timeframes and cost estimates for implementation of all the planning activities as well as a summary of all external-planning requirements to ensure a truly integrated review process.

### 2.2 REVIEW PROCEDURE AND PLANNING ACTIVITIES

### **PROCESS PLAN COMMITTEE .3**

### **θ** Process Plan Committee

The Council appointed a Process Plan Committee to continue with the preparation of the Process Plan. structure will finally also be entirely included as part of the envisaged IDP Steering Committee. The Process Plan Committee included the following members:

### Councilors (New Executive Committee):

Clr.K.S. Koalane: Mayor (Corporate Services, Human Resources and Finance)

Crl J. Schimdt: Corporate Services and HR

| Crl Makekema: Social & Community Services Committee |                |           |     |     |         |         |

### (B.2) INTRODUCTION

### Development of the Masilonyana Local Municipality

According to **Census 2001**, (still awaiting latest census results) 58% of the population in Masilonyana is employed and 41% of that population constitutes of males and 17% constitutes of females. Approximately 42% of the population is unemployed, 18% of which are male and 24% are female. Over 60% of the population earns less that R1 500, and 13.28% of households have no income. Therefore, the economy has only 15% of its population earning between R1 601 and R6 400, with a little less that 10% earning up to R204 801 and more. This suggests that Masilonyana has a drastic shortage of middle-income group earners and skilled personnel in the information management and financial sectors, and this is a Lejweleputswa District area of concern. Middle-Income groups provide a solid economic base for the Municipality as they have the capacity and ability to consume and pay for municipal services, whilst enjoying the urban lifestyles. The estimated average population growth for Masilonyana is approximately 1.0227%,

The first step in the IDP review process needs to look at the existing situation of the municipality. During the Analysis phase the review process focused only on the relevant aspects of issues influencing the development of the municipality. The purpose of this phase was also then to ensure that decisions on strategies and projects would be based on:

the qualitative priority needs and challenges on local residents, proper quantitative information on all those priority issues, clear knowledge of the availability of local resources, and a holistic understanding of the dynamics or key issues determining the various development priorities within the municipality.

Relevant statistical information gathered during the formulation IDP process was presented to community members during community meetings. This served as basis for discussing the needs and priorities of residents within the various functional areas of the municipality. The findings were then analyzed and discussed further during Representative Forum meetings to identify the causes determining each priority issue and to formulate certain development principles against the knowledge of such causes.

The findings were then presented under a number of integrated sectors,

which coincide with the various analyses proposed within the IDP guide-packs and include institutional, social, infrastructure, economic, environmental and spatial analyses.

Deriving from the current realities and cross-cutting analysis, a list of priority development issues were identified which served as a basis for a more detailed, in-depth analysis.

Finally, the results from the in-depth analysis enabled the representative forum to identify a set of development priorities to be focused on within the next five years. The key issues applicable to each of the development priorities were also taken from the in-depth analysis and form the foundation for the next phase, namely the formulation of the vision and development objectives

### (B.3) CURRENT REALITY PERTAINING GOVERNMENT INSTITUTIONS

### 3.1 Level of government

The Masilonyana Local Municipality was established in terms of Section 14 of the Local Government: Municipal Structures Act, Act No 117 of 1998) and was published in Provincial Gazette No 184 dated 28 September 2000.

The new Local Municipality is a category B Municipality with an executive system as contemplated in Section 3(b) of the Determination of Types of Municipality Act, 2000 (Act No 1 of 2000)

3.2 Powers and functions

The powers and functions assigned to the new Municipality are stipulated in sections 156 and 229 of the Constitution and Sections 83 and 84 of the Local Government: Municipal Structures Act, 1998, as amended.

More specifically, the powers and functions of the Municipality relating to Section 84 of the said Act were promulgated in Provincial Notice No 126 dated 30 June 2005 and are as follows:

| Section 84 (1)(e) | Solid waste                            |
|-------------------|--|
| Section 84 (1)(f) | Roads                                  |
| Section 84 (1)(j) | Fire fighting services                 |
| Section 84 (1)(l) | Cemeteries                             |
| Section 84 (1)(n) | relating to any of the above functions |

### **3.3 Decision making structure**

The Council of the new local municipality consists of 20 councillors with the Speaker and Mayor being full-time. The names of the decision-making structure are summarized in the review process plan.

### 3.4 Levels of administration and existing human resources

The administrative structure comprises of the Municipal manager, Chief of operations, 4 departmental Heads, and 5 Regional Unit managers that situated at regional Offices. The Head Office is situated in Theunissen. The proposed new organizational structure and levels of administration and existing human resources are indicated in the 10 Point Plan, Turn Around Strategy.

### 3.5 Income and expenditure

A brief summary of the operational budget of 2008/2009 is attached.

### 3.6 CURRENT REALITY PERTAINING AREA OF JURISDICTION

### 3.6.1 Location and composition

Masilonyana Local Municipality is situated in the centre of the Free State within the district boundaries of the Lejweleputswa District Municipality. The municipality comprises five urban areas namely, Theunissen, Brandfort, Winburg, Verkeerdevlei and Soutpan, as well as their surrounding rural areas.

### 3.6.2 Population profile

The following population statistics of Masilonyana was obtained from Statistics South Africa **2001 census** during the 2006 review period.

Table 2:Population Statistics of Masilonyana per gender and group.

| TOWN        | GENDER | POPULATION GROUP PER GENDER |         |         |      |      |

### **C.** Development Strategies

#### Vision

#### **"TO BE AN INTEGRATED, DEVELOPMENTAL AND VIABLE LOCAL MUNICIPALITY"**

#### Mission

Masilonyana Local Municipality is still committed to deliver this vision through:

- The integration of its systems and resources
- **Providing services in a sustainable manner**
- Attract investors and facilitate economic development

• Creation of a safe and harmonious living environment

### Alignment of Priorities with Free State Growth Development Strategy

The Free Sate Growth Development Strategy for 2005/2014 was prepared during 2005 and specific development priorities were identified. These priorities were set as guidelines for the Local Municipalities to identify their respective IDP priorities. In order to achieve alignment it was necessary to measured IDP identified priorities against the priorities of the Free State Growth Development Strategy and the achieved alignment is represented as follows:

### **PRIORITY 1: Economic Growth, Development and Employment**

- Local Economic Development
- Mining
- Agriculture
- Cooperatives/ SMME
- Tourism/ Heritage
- Land Reform
- Roads and transport
- Industries
- Investments

### **PRIORITY 2: Social and Human Development**

- Related Municipal Priorities
- Social Development
- Skills Development
- Spatial Development Planning
- Land use management Plan
- Sport and recreation
- Water Provision
- Sanitation Provision
- Streets and Storm Water
- Electricity Provision
- Waste Management
- Cemeteries
- Housing

• Disaster

### Special Programs Sectoral Related Programmes (Special Programs)

- HIV/AIDS
- Gender Equity
- Disabilities
- Elderly
- Youth
- Children
- Poverty Alleviation

### **PRIORITY 3: Justice, Crime Prevention and Security**

- Safety and Security
- CPF's
- Social crime prevention Strategy
- Sectoral Related Programmes
- Disaster Management
- EMS
- Fire Fighting
- Traffic management and policing
- Liquor Licensing
- Animal pond

### **PRIORITY 4: Effective Governance and Administration**

- Local Governance
- Communications
- IGR
- Corporate Governance
- IDP
- PMS
- Public Participation

### **Priority 5: Financial Management**

- Related Municipal Priorities
- Institutional Development
- Sectoral Related Programmes
- Financial Plan
- Revenue Management
- Systems and procedures

#### **KEY ISSUES – 2008**

- Ward 5 sewage at Makeleketla should be closed as it poses a serious health risk to the nearby community.
- Tshepong more than 100 families within an informal settlement that are without basic services and are growing as a result of farm evictions. Collection is poor and poses a health risk to residents.
- People are renting their formal housing in all towns of Masilonyana whereas they use informal structures to stay in
- Ward 4 20 houses connected to one sewer pit (Makeleketla Phahameng)
- Ward 8 blockage of pipes. The bucket system should be eradicated and no VIPs wanted to replace buckets.

4.1.1 Liaise with Eskom regarding the supply of electricity connections to residential users

4.1.2 Supply electricity connections to even in all towns

4.2 To improve the quality of electricity supply

4.2.2 To do a needs assessment of the quality of service

4.2.3

#### 4.3

4.3.1 Continue with current maintenance of electrical infrastructure

To ensure that all rural schools have access to electricity by 2006 4.4.1 Liaise with relevant bodies, departments or provision of electricity

Apply to the Department of Minerals and Energy to supply all schools with electricity.

4.5 To ensure that all households in rural areas have access to electricity4.5.1 Upgrading of rural electricity

To supply sufficient high mast lighting and street lighting

4.6.1 Provision of high mast lighting (area lighting) and street lights

| 4.7.1    | The municipality should<br>seek to play an active<br>role in the establishment<br>of REDS in order to<br>avoid possible future loss<br>of revenue through<br>electricity sales |  |  |
|----------|--|--|--|
| Es<br>po | nprove service levels of<br>skom specifically during<br>ower failures in both rural<br>nd urban areas  |  |  |
| 4.9.1    | To enter into contract with<br>Eskom   |  |  |

#### **KEY ISSUES – 2006**

- Registration of Soutpan dumping site.
- New dumping site not yet identified (SDF) at Majwemasweu registration need to take place. Development of
  residential area to close to existing dumping site.
- Incinerators at all dumping sites to reduce the smoke from tires, plastic bags, animal carcasses etc. at all sites.
- In Winburg there are many illegal dumping taking place.
- Theunissen and Brandfort limited equipment to collect refuse.
- Establish an Environmental Health Forum to address awareness issues and legislative procedures

rate

- Land for commercial development
- Support for small scale farming projects
  - Address housing backlog
- Provision for adequate housing in rural areas
  - Self sustainable housing projects
- Preference to local contractors and workforce

## 1) Brandfort/Majwemasweu:

- Need for new residential sites
  - Great need for housing
- The commonage has been let and is not available to local poor. A bigger commonage is necessary.
  - Inoculation of animals in commonage should be coordinated by municipality
     2) Rural Areas
- Sustainable land reform in rural areas necessary
  - Verkeerdevlei
  - Need agricultural land for

## 1) Theunissen/Masilo:

• 300 Houses

Masilo Old Age Hostel is depulated and the Dept.Local Government & Housing has committed 12million for the upgrading of the Hostel into the Community Residential Units

## 2) Brandfort/ Majwemasweu:

100 Houses

## 3) Winburg/Makeleketla:

200 Houses

## 4) Soutpan/Ikgomotseng:

100 Houses

## 5) Verkeerdevlei/Tshepong:

100 Houses

The provision of industrial and commercial erven for development is urgently needed in all towns.

be identified for development
Identification of farms for land reform to be done in conjunction with the Department of Land Affairs and Department of Agriculture

Land for commonage
Land for small scale farming

A commonage Management Plan must be developed
A declared Weed and Invader Plant Control Strategy must be developed for the Municipality area
A strategic relationship should be formed with Free State Provincial Department of Agriculture

- Provision of land for recreational uses necessary
- RDP Housing not in good condition
   Housing Sectoral Plan to be developed
- People Housing process need to be reconsidered above RDP

 The communities to be informed about other housing subsidies such as individual subsidies and consolidation that Dept.Local Government and Housing are offering

- Housing Support Centre will drive housing process
- Provision of land for affordable and

| Community Needs                     | <b>Current Reality</b> | leeds Key Issues              |

# 1) Theunissen/Masilo:

- Provision of proper station
- Personnel and vehicles
- Security for public areas
  - Police visibility
- Effective functioning of CPF's

#### 2) Brandfort/Majwemasweu:

- More police personnel and logistical support is necessary
- Neighbourhood watches to be established and financed
- Possibility of municipal police to be investigated

### 3) Verkeerdevlei/Tshepong:

- A satellite police station at Tshepong is needed
- More competent police personnel with drivers licenses to operate the available vehicles is urgently needed
- A community policing forum need to be established that is represented by both Tshepong and Verkeerdevlei residents to patrol the urban areas as the police mainly patrol the farms

#### 1) Theunissen/Masilo: • 1 Full fledge police station in Theunissen and a Satellite Station in Masilo. • A total of 79 personnel members 2) Brandfort/Majwemasweu: I Full fledge police station in Brandfort total 37 A of personnel members 3 Administrative personnel and 10 Reservists 3) Verkeerdevlei/Tshepong: The existing police station has 11 members of the personnel in With 3 vehicles and only 1 policeman with a driver's license. 14 Civilian members 4) Soutpan/Ikgomotseng

- 1 Full fledge police station
- A total of 12 personnel members

#### 5) Winburg/Makeleketla:

- 1 Full fledge police station in Winburg
- A total of 40 personnel members

- More officers and personnel are necessary
- Police should be better equipped
- Community involvement to be increased
- Communication to be improved in rural areas
- Satellite police stations to be considered or existing stations revived
- Provision of proper police station
- Police visibility
- Security for public places
- National Security Agency branch in Masilonyana to address corruption in municipality, social grants, housing and to secure Municipal buildings
- Move services to the people
- •The main aim of safety is to establish the causes of uncertainty
  - o Poverty
  - o Selling of illegal liquor
  - o Drug using and violence
  - o Old Criminals influence youth
  - o Initiation Schools teach youth violent behavior

F. Implementation Plan

#### **G.** Financial and SDBIP

## **SECTION 2: INSTITUTIONAL BALANCE SCORE CARD**

The following sections will highlight the institutional balance score card and municipal wide budget plan per department:

#### **Key Performance Areas (KPA's)**

The following Key Performance Areas (KPAs) as outlined in the Local Government: Municipal Planning and Performance Management Regulations (2001) inform the strategic objectives listed in the table below:

- Municipal Transformation and Organisational Development.
- Infrastructure Development and Service Delivery.
- Local Economic Development (LED).
- Municipal Financial Viability and Management.
- Good Governance and Public Participation.

## **Municipal Balance Score Card**

The municipal score card is developed in line with the abovementioned key performance areas as outline in the Masilonyana Local Municipality Integrated Development Planning (IDP).

| Key Performance Area<br>(KPA) | Weighti<br>ng | Key<br>Performance | Annual Target |                        | Quarterly       | <b>Targets</b>  |                        |
|-------------------------------|---------------|--------------------|---------------|------------------------|-----------------|-----------------|------------------------|
|                               |               | Indicator (KPI)    |               | <b>1</b> <sup>st</sup> | 2 <sup>nd</sup> | 3 <sup>rd</sup> | <b>4</b> <sup>th</sup> |

| Municipal<br>Transformation and<br>Organisational<br>Development | 15 | <ul> <li>Performance<br/>Management System<br/>(PMS) aligned to the IDP,<br/>developed and<br/>implemented.</li> </ul>   | 100% | 25% | 25% | 25% | 25% |
|--|----|--|------|-----|-----|-----|-----|
|  |    | <ul> <li>An organisational<br/>structure aligned to the<br/>IDP established and<br/>operationalises</li> </ul>   | 70%  | 15% | 15% | 20% | 20% |

## **SECTION 4: PERFORMANCE ASSESSMENT**

The Planning and Performance Regulations, 2001 requires quarterly performance assessment through the PMS of municipalities. The following performance assessment template has been developed to match the requirements of MFMA Circulars Nos. 13 and 12 with that requirement of the Regulations.

#### 3.1 SERVICE DELIVERY PERFORMANCE

- MFMA Circular No. 13 describes the SDBIP as "... a management, implementation and monitoring tool". The Circular emphasizes the fact that the SDBIP must be used as a monitoring tool and that quarterly performance reviews must be done to enable quarterly and mid-year reporting regarding operational performance of the municipality, and also as a tool to assess the performance of senior managers on a quarterly basis.
- The following format will therefore be used to quarterly review performance in terms of the key performance indicators and key performance targets exposed above:
