PERFORMANCE MANAGEMENT OF SERVICE PROVIDERS

In terms of section 42 of the Supply Chain Management policy which states:

"The accounting officer must establish and implement an effective internal monitoring system in order to determine, on the basis of a retrospective analysis, whether the authorised supply chain management processes were followed and whether the measurable performance objectives linked to and approved with the budget and the service delivery and budget implementation plan were achieved."

and Section 116(2)(b) of the Municipal Finance Management Act, which states:

"monitoring on a monthly basis the performance of the contractor under the contract or agreement".

A process has been developed for the Supply Chain Management Unit (SCMU) that needs to be followed by all Project Managers within the Municipality that are involved in the implementation of the SCM Policy in order to comply with regulations mentioned above and National Treasury requirements. The following procedure and steps must be followed in order for the defaulters to be blacklisted in the National Treasury Defaulters database. Should Project Managers notice that the contractor/service provider is in breach of conditions of contract the following should be followed:

- Inform the contractor/service provider or person(s) in writing of deviations eminent from the contractual agreement.
- Allow the contractor/service provider and / or person(s) fourteen (14) calendar days to provide reasons of not complying with the conditions of the contract as stipulated in the service level agreement.
- Allow the contractor/service provider and / or person(s) the right to respond and consider any reasons submitted by the contractor and / or person(s) in terms of paragraph (1).
- If no improvements liaise with SCMU – Contract Management and Compliance Sections to mediate.
- A meeting will be called by the SCMU and Legal Services will be present where minutes will be taken and signed by all present with resolutions to be implemented.
- Failure to implement the resolutions, Project Manager must impose the penalties as per the signed Service Level Agreement.
- In the event that a contract has to be terminated, Legal Services will advise on the legal aspects in relation to the termination contract.
- Impose the restriction or amended restriction.

- Inform the contractor/service provider and/ or person(s) of the decision; and
- SCMU will inform the National Treasury within five working days of such restriction, particulars of the person(s) to be restricted (including, where applicable, names of the restricted persons, identity numbers, trade name of enterprises, company registration numbers, income tax reference numbers and vat registration numbers), the reason(s) for the restriction, the period of restriction and the date of commencement of the restriction.

Right of appeal by the contractor/service provider

The municipality or entity that imposed the restriction is responsible and accountable for any costs associated with court proceedings and for the cost of any decision that may result.
