*Apply now and make a life changing
move to kick-start your career*

WESSA is running the National Department of Environmental Affairs' **Youth Environmental Services (YES)** Programme in 2019, which is aimed at disadvantaged, unemployed youth. If you're aged between 18 and 35, have a minimum of a Matric, live in the Free State, and keen to participate in an exciting work-integrated learning and accredited environmental skills training opportunity, while serving your community, we want to hear from you!

This year-long programme runs from February, and provides a daily stipend. Visit www.wessa.org.za for details and application forms.

Applications close for the Free State on 15th February
