

Learner Official Mining Kloof (A-Stream)

Our mining improves lives

LEARNING OPPORTUNITY

Internal & External			
VACANCY:	Learner Official A-stream		
Section:	Kloof - Mining	Reference:	492570
Closing Date:	08 February 2019	Job Grading:	NG
Type of employment	Permanent	No of Positions	06
Sibanye-Stillwater is offering study opportunities at the following University in 2019: University of Johannesburg / University of Witwatersrand			

Your manager should be aware of and support your application. Pre-screening and psychometric evaluation will form part of the selection process. Short listed candidates will be requested to attend a panel interview. Applicants who receive no response to their applications within 14 days may consider their application for the position to be unsuccessful.

Sibanye-Stillwater is committed to the achievement and maintenance of diversity and equity in employment.

A limited number of positions are being offered to local community and labour sending areas for a full time study and Learnership opportunity in line with the Sibanye-Stillwater's business needs in the following discipline:

Mining Engineering

Beneficiaries of the Learner Official A-Stream Career opportunity will receive a bursary and practical exposure (Learnership) on a full employment package with company benefits aligned with Sibanye-Stillwater Learner Official Scheme. All tuition fees and books will be provided for by Sibanye-Stillwater.

The appointee should:

- Have a grade 12 Certificate with minimum English 5 (60%+), Mathematics 5 (60%+), and Physical Science 5 (60%+)
- Possess University Acceptance with an APS of 23 (Mid-year results will be provisionally considered if currently still studying)
- Not currently be busy or have completed prior University studies
- Reside in Kloof Labour sending Area or local community
- Be declared medically fit for the position and environment, as determined by a risk-based medical examination at the relevant Sibanye Stillwater Occupational Health Centre

Advantageous requirements:

- Distinctions in Mathematics and Physical Science

Applications:

- Applicants will need to undergo an interview process and psychometric assessment
- Prospective candidates will be required to complete workplace orientation and underground exposure visits as part of the selection process
- Applicants must upload proof of residence, CV and certified (SAPS) copies of ID and qualifications online
- Final allocation is dependent on applicants obtaining an acceptance letter from the University of Johannesburg
- All applicants will be subject to clearance screening by South African Police Services as required by the National Explosives Act

Interested parties should complete online application form using the link below:
